ANATOMY

Q: How many sphincters does a human Anus have?

A: You have *two* sphincters!

- **External Sphincter:** Tightening and Releasing – this is the one you control.
- **Internal Sphincter:** This one you can't voluntarily control
- **Puborectal Sling / Puborectalis Muscle:** Supportive muscle that creates an "S" curve in the rectum.
- The anal canal is the passageway from your sphincter to your rectum

I'm going to show you a **step by process** to become a successful, **respected, & satisfied** **Certified Sexuality Coach.**
